Executive summary

This report, i.e. the PULCHRA Deliverable 14.2, describes the website created for external communication about and on the project. This deliverable relates to the PULCHRA work package 14 (WP14) “Dissemination and Communication”.

Version History

Version	Date
1.0	28/02/2020

1. Introduction

The overall technical objective of this deliverable is to create a modern and user-friendly website and social media campaigns by following the latest online standards in web development. More specifically, our aim in the project is the following:

- Create a high level of user-friendliness and user experience on the website;
- Develop a clean and appealing visual identity based on the existing style guide;
- Provide an intuitive to navigate website for all users available for the most popular Internet browsers;
- Develop functionalities which are crucial for a successful outcome of the project, yet at the same time do not overload the web system with unnecessary modules and functions;
- Guarantee a safe web environment in which user data will be safely stored in the database and protected from any third-party to access;
- Make the website accessible by people with disabilities

- Contribute to knowledge sharing by achieving effective access and re-use of project outputs, publications, etc.;
- Administrate, monitor and manage registered users on the platforms; The project website will contain detailed information on the aims, objectives, consortium, work processes and the current state of the PULCHRA project. It will provide information for all interested parties and the general public.

2. The PULCHRA Website

2.1 Achieved objectives

A website has been developed for the PULCHRA project to serve as the main dissemination platform for interested stakeholders (<https://pulchra-schools.eu/>). The project website:

- Present the PULCHRA project towards all interest parties and the general public, share the main objectives of the project and describe the platform that will be deployed;
- Recruit additional interested stakeholders;
- Share the project progress, the calendar of the events and interim and final public documents/deliverables;
- Provide access to the PULCHRA Platform.

2.2 Website development

The structure of the website is divided in the following sections and specific partners are involved per website sections (related to the management of specific work-packages).

Sections	Content	Responsible partner	Input providers
“Home”	Welcome page, general introduction to the PULCHRA project	NKUA	NKUA, An Taisce
“Project”	“About” sub-section: Project objectives and information about partners	NKUA	NKUA, An Taisce
	“Partners” sub-section: Detailed information about partners and links to their websites	NKUA	NKUA, An Taisce
	“Work packages” sub-section: Detailed information about	NKUA	NKUA, An Taisce

	PULCHRA’s work packages and deliverables		
“Resources”	“Lessons” sub-section: Educational material created by the PULCHRA partners available for downloading	NKUA, UOC,OUC	All partners
	“Deliverables and Results” sub-section: Public deliverables and project results are available for downloading in this sub-section.	NKUA	All partners
“News”	“Announcements” sub-section: Project announcements and news(updated regularly)	An Taisce	All partners
	“Events” sub-section. Information and material from project events.	An Taisce	All partners
“Contact”	Contact information	NKUA	NKUA, An Taisce

3. Website further development

The website will be regularly updated in terms of content and structure. The PULCHRA Platform which will be available by month 12 (D7.1 City Challenges Platform) will be linked with the PULCHRA website.
